RE: Landscape Escrow Refund Request for New Non-Residential Construction

The City of New Prague requires all new non-residential construction permits to submit a landscaping escrow of \$3,300 per acre (subject to change on the City's Official Fee Schedule) when a building permit is issued. Boulevard trees installed by developers do not meet landscaping escrow requirements and no trees should be planted by private property owners in the public right-of-way.

As stated in the city code, the following requirements must be completed before escrow is returned.

1. Final grade requirements are completed.
2. Required tree(s) is installed and alive at the end of the 30 day warranty time period.
3. Sod/seed is installed and alive at end of the 30 day warranty time period and with sufficient coverage to control erosion.
4. If weeds are present at the end of the 30 day warranty time period, documentation of an application of weed treatment shall be provided.

If occupancy is requested by a builder, a Temporary Certificate of Occupancy must be issued. The builder/owner is required to complete the sod/seed and tree(s) requirement within 60 days after the Temporary Certificate of Occupancy is issued. Once the property owner or builder has completed all landscaping requirements, an inspection must be scheduled by calling city hall at 952-758-1138. The building inspector will conduct the landscaping inspection. Following staff approval, the City Council will consider releasing the escrow at the next regularly scheduled City Council meeting and a check will be refunded to the party who applied for permit.

- Buildings that are completed between October 15<sup>th</sup> and May 15<sup>th</sup>, shall have until July 1<sup>st</sup> to complete the sod/seed and tree requirements but will only be issued a temporary certificate of occupancy until that time. Final grading does not need to be done before a temporary certificate of occupancy is issued, but erosion control must be maintained until a final certificate of occupancy is issued.
