April 25, 2025 | Project Update No. 31

This letter is being sent to inform you of construction activity on the above-referenced project. Weekly updates will be posted on the City website. If you are interested in receiving future Project Updates by e-mail, **please send your name, property address, and e-mail address to Julie Brinkman at jbrinkman@sehinc.com.**

OR, receive Notices by Text Message by texting **NP2024** to the number **833.709.1208**.

City Staff and SEH have completed their initial review of last year's reconstruction project and assembled a list of repairs for BCM Construction to complete before final acceptance of the project. These repairs are throughout the project area and include turf restoration, topsoil placement or leveling, concrete curb and gutter/sidewalk/and driveway replacements, valve adjustments, sump basket adjustments, and other various items. As turf restoration is sparse throughout much of the project area, it is expected that the contractor may need to oversee many areas to fill in areas. The contractor is expected to resume this work late next week and likely for 1-2 weeks after.

Placement of the final 1.5-inches of blacktop is not yet scheduled, but is expected to occur in June.

Thank you for your continued patience and cooperation. If you have any questions or specific areas of concern, feel free to contact me or Project RPR John Voigt.

Chris Knutson, Project Manager/City Engineer
