Utilities General Manager

October 10, 2025 | Project Update No. 35

This letter is being sent to inform you of construction activity on the above-referenced project. Weekly updates will be posted on the City website. If you are interested in receiving future Project Updates by e-mail, **please send your name, property address, and e-mail address to Julie Brinkman at jbrinkman@sehinc.com.**

OR, receive Notices by Text Message by texting **NP2024** to the number **833.709.1208**.

The contractor on the 2024 street project will be returning next week to complete pavement repairs in and around the project area. This is primarily damage to the pavement caused by contractor operations and may result in short term closures to apply seal coat or pavement patching.

The seeding subcontractor will also be returning next week to spray weeds where present in the project area. **If residents to not wish to have weed killer sprayed on their yard, please notify Resident Project Representative John Voigt (see contact on the left side of this update).**

After completion of the project, there will be a 2-year warranty in-place on the Project. The City and SEH will continue to monitor and review the project during that time.

Thank you for your continued patience and cooperation. If you have any questions or specific areas of concern, feel free to contact me or Project RPR John Voigt.

Chris Knutson, Project Manager/City Engineer
